Panorama Education | Ector County ISD

Distance Learning & Wellbeing Survey

Survey Program Overview

Ector County ISD is partnering with Panorama Education to administer distance learning and wellbeing surveys this spring.

These surveys were developed to help schools capture feedback coming out of the response to COVID-19. Through this work, we hope to understand how to best support students in the distance learning environment. The data we collect will inform planning for the 2020-21 school year!

How Does It Work?

3rd-12th grade students navigate to [surveys.panoramaed.com/ector](https://surveys.panoramaed.com/ector) on any web-based device with access to an internet browser and enter their Student ID number as access code.

Once the Student ID has been entered, students will see a survey available for them to take. Students will have the option to select from available survey languages in the top left corner. Once ready, they’ll click the Start Survey button next to the survey name.

Once finished, students will click the blue Submit button at the bottom of the survey and should receive a Thank You message, confirming submission.
