

Thank you for your continued trust in managing your pharmacy benefits.

PCA Rx will continue to manage your pharmacy benefits, helping you to access your prescription benefits in 2023. We are pleased to provide you with your member ID card, the key to your benefits. Any dependents you have registered are shown on your card(s).

**Pharmacy Network:** You will have nationwide access to a robust pharmacy network – 68,000 participating pharmacies. Our network includes most major pharmacy chains but also many local pharmacies as well.

**Enhanced Mail Delivery Service:** Your benefit plan includes convenient home delivery service through Amazon Pharmacy. Amazon Pharmacy offers up front pricing, easy refills, no waiting in lines and medications are delivered to your door. To utilize this service or find out more about it, see the included Amazon Pharmacy brochure, or visit the website at [www.amazon.com/homedelivery-meds](http://www.amazon.com/homedelivery-meds) to learn more.

**Enhanced Specialty Pharmacy Service:** We have partnered with CVS Specialty to help you manage your health and provide the personalized support you deserve. The CVS Care Team will support you through transitioning your prescription, providing helpful resources, digital tools and a convenient choice of picking up in store or home delivery. To learn more and get started, review the flyer included, visit [www.cvsspecialty.com](http://www.cvsspecialty.com) or contact the Care Team at 1-800-237-2767 6:30 am to 8 pm CT Monday through Friday.

**Enhanced Patient Portal (Online & Mobile Website):** The PCA Rx patient portal offers fast, safe and convenient tools to help you manage your prescription benefits online and via your mobile device. Information such as formulary options, drug prices, copayments, benefit highlights, prescription history and other useful links for additional information. More details can be found in the brochure included or at <https://pcarx.myrxplan.com/login>. You will need your prescription drug card to register.

**Formulary Medications:** An updated Formulary will be utilized to provide the most care-effective pharmacy program. While the changes are minimal from a broad perspective, you may experience slight changes. We want to help with your questions in advance of you filling your prescription. A complete listing of formulary medications can be located on the Patient Portal at <https://pcarx.myrxplan.com/login>.

**Questions?** Our PCA Rx Patient Care team is available 24/7 to assist with questions about your new benefit. If you have any questions or need any assistance with any aspect of the formulary, coverage, copayments/coinsurance, please contact our Patient Care Team at 1-855-283-7882 and or at [INFO@PCARx.com](mailto:INFO@PCARx.com).

We are here to help!
