

## What is a School-Parent Compact?

A School-Parent Compact for Achievement is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade-level standards. Bonham Middle School's teachers, students, and parents developed this School-Parent Compact for Achievement and Success of every individual. Meetings are held each year to review the compact and make changes based on student needs.

Parents are welcome to contribute comments at any time!

## School Goals

Every child is expected to work towards meeting or mastering state grade level performance standards. This year Bonham MS will work on continuing to increase the number of students who meet or exceed state standards in all academic areas through increased concentration in a variety of literacy strategies across the curriculum. We will also focus on social skills as part of the students' success.

- Teachers will provide challenging and engaging work focusing on growth and progress.
- Teachers will provide reasonable access to parents with scheduled appointments.
- Two way-communication will be provided to parents in multiple languages via Schoolstatus, email, phone, conferences, etc...

## 6th, 7th, and 8th Grade Goals

1. To improve literacy amongst all students.
2. To continue to increase the number of students who meet or exceed state standards on the STAAR.
3. Increase Bonham attendance to 89.5% to 94 % or higher by May 2023.
4. To ensure that 8th graders are socially and academically prepared for the rigor of high school.

### Parents:

Parents and Guardians are vital to the success of our students and our school and significant impact how students view their learning process, their attendance, and their motivation. To continue to encourage the success of our students, Bonham parents commit to:

1. Keeping open communication with teachers and your student regarding academic progress through email and phone, conference, meeting, Parent Portal, Schoology, School Status, etc..
2. Providing students an area and time to complete assignments.
3. Participate in decision making at the campus.

4. Encourage students to set learning goals for improvement and read outside of school.
5. Ensure students attend school daily and parents will participate
6. WATCH DOG Parent Volunteer program (must fill out a background check form to participate in their child's class, including observing classroom activities as scheduled.)

### Students:

Students will work in conjunction with faculty, staff, and parents to create goals for themselves. In order to encourage academic growth students will:

1. Set goals for achievement in Accelerated Reader by increasing daily reading.
2. Have a positive attitude about learning and achievement.
3. Be safe, respectful, and responsible.
4. Respect and have pride in teachers, family, school, and themselves.
5. Participate in Saturday academy/ afterschool remediation/enrichment opportunities

**Learning is POWER!**  
**We look forward to an exciting and successful year!**
