## **BOOKWORM VENDING MACHINE UNVEILED AT GOLIAD ELEMENTARY**

(Odessa, Texas). A new Bookworm Vending Machine was unveiled at Goliad Elementary this morning! The Bookworm Vending Machine will enhance the Bookworms Literacy Program funded by the Education Foundation by offering choice reading to students in Ector County ISD, providing students with endless opportunities to learn and become engaged in reading. The first Bookworm Vending Machine was unveiled in October 2019 at Ross Elementary. This new machine at Goliad brings the count in ECISD up to 12 and there are three more machines being unveiled over the next week at Blanton, Burnet, and Milam.

**More on the way!** The Education Foundation Board of Directors recently announced its plans to invest more than \$100,000 to purchase a Bookworm Vending Machine for any ECISD campus that does not have one in place in celebration of ECISD's 100<sup>th</sup> Anniversary! This gift will ensure all elementary campuses have a machine as well as middle schools and high schools.

*"We are so excited to bring the students at Cavazos and Goliad a Bookworm Vending Machine and are so grateful to our generous donors for their donations that make gifts like these possible,"* states Celeste Potter, Education Foundation Director. *"This is a great compliment to our Bookworms Literacy Program that currently provides students in grades Pre-K through 1<sup>st</sup> grade with a new book each month. Research shows that books in the home has a positive payoff in improved test scores so any opportunity to get books in the hands of our students is a win."*

The Bookworm Vending Machine comes to ECISD from Global Vending Group out of Amherst, NY. You can learn more about the story behind the development of this machine at their website:

### **About Education Foundation of Odessa**

The Education Foundation of Odessa is a 501(c)(3) nonprofit, tax-exempt, philanthropic organization of citizens who share a vision of enhancing education in ECISD.

The Education Foundation of Odessa provides a new and innovative source of funding to support the school district's educational plan. The Foundation does not attempt to replace lost state funding, nor does it attempt to take the place of the district's operating budget. When considering the level of funding required to educate students, the Foundation can expect only to provide funds for those projects and activities that go beyond the normal classroom experience. Such initiatives provide enrichment, research opportunities, teacher training, intervention and prevention strategies and extend the educational effort.

The mission of the Education Foundation is to create opportunities for education in Ector County ISD. Our vision is that every student in ECISD will be school-ready, college-ready, work-ready...WORLD-READY!
